

**2013 Annual Report**  
YMCA OF GREATER GRAND RAPIDS

# THANKS TO YOU LIVES ARE CHANGING EVERY DAY

**2013**  
HIGHLIGHTS

**97,819**

members and program participants became healthier.

**21,000**

people have made connections through community outreach initiatives.

**5,390**

children made new friends and created lasting memories at camp.

**1,849**

volunteers gave of their time and talents.

**2,934**

generous donors provided financial support to ensure that the Y is available for all.

**West Michigan is a community filled with individuals and families who are dedicated to ensuring the best for those who live here. At the YMCA of Greater Grand Rapids, we continue to respond to emerging community needs with programs that strengthen the foundation of our community. Through programs targeted to address the academic achievement gap, the threat of youth obesity, escalating rates of Type 2 diabetes and the ever growing need for nutrition and fitness awareness across generations and diverse cultures, we continue to make an impact.**

Looking back in 2013, we're grateful for the opportunity to partner with others in the journey to a healthier life. Together, we have made kids safer, given some a second chance, shaped the future of young lives and helped families who are struggling find hope and health. A few of the highlights include:

- Celebrated 100 years of influencing the lives of young people at YMCA Camp Manitou-Lin. One hundred years of giving kids the summers of their lives adding laughter, teaching a love of nature, and building character and leadership amidst the fun of campfires, canoeing on Barlow Lake, and meaningful relationships.
- Received nearly \$4 million in private philanthropy and public grants, ensuring that everyone – regardless of age, income, or background – has a place to go to feel healthier and connected.
- Impacted the lives of more than 97,819 through our membership and programs, making the Y a destination for healthy living.

Looking ahead to the future, we know there are many more lives to impact and many more stories to tell. The Y's life changing work is possible thanks to the generous contribution of donors, members and community partners. We are thankful to everyone who is part of this incredible journey as we help build a healthier community.

It has been our pleasure to serve our community together this year.

Sincerely,

Ron Nelson

Chuck Bennett

**3,269** children were nurtured in child care and before and after school programs.

**12,123** people received financial assistance to live a healthier lifestyle.

**1,423** full and part-time Y staff served others on a daily basis.

**556** future leaders developed skills and confidence in youth leadership programs.

# NURTURING

## THE POTENTIAL OF EVERY CHILD

The Y believes that all kids deserve the opportunity to discover who they are and what they can achieve. Children should not only dream of bright futures, but be given the tools to achieve them. By cultivating safe, nurturing environments for learning, encouraging knowledge and character development, promoting fun activities that build athletic, social and interpersonal skills, we show our commitment to YOUTH DEVELOPMENT.

The Y is committed to developing and delivering innovative learning programs and helping create healthier, more connected kids across our community. Every day our child development centers, pools, camps, gyms, fields and before and after school programs are filled with children experiencing healthy, safe and enriching new learning opportunities.

**PROVIDING PARENTS WITH THE SUPPORT THEY NEED: Child Care**

**Child Development Centers**

In our Child Development Centers, children engage in activities that stimulate their young minds. We provide 597 children quality early education through child care and preschool programs in over six locations, making the Y one of the largest area providers of child care.

**Before & After School Care**

Our before and after school and summer learning programs provide a place for children to learn, stay active and grow while parents are working. In 2013, we gave 2,563 families piece of mind knowing their children were in a safe and nurturing environment at our over 35 different sites.

**ENCOURAGING HEALTHY LIVING: Swim and Sports**

Childhood obesity rates have soared over the last few decades. The Y is the starting point for many youth to learn about becoming active and developing healthy habits for a lifetime. Kids at the Y discover the importance of teamwork and physical activity through sports, exercise, swimming and team competition. 11,701 kids participated in 2013.

**EXPERIENCING SUMMERS OUTDOORS: Camp**

Now more than ever, kids need camp. At YMCA Camp Manitou-Lin over 5,390 kids were engaged outdoors - whether it was making new friends, learning new songs, gaining confidence and independence, or telling stories by the campfire the lives of thousands of boys and girls were changed. A 100th Anniversary Celebration was held in June to not only embrace the past but celebrate the future of impacting the lives of kids in our community.

1 in 4 K-12 children in Michigan are left alone after school

7 hours on average per kid of daily screen time

1 out of 3 children are either overweight or obese

# IMPROVING

## OUR COMMUNITY'S HEALTH AND WELL-BEING

With a mission centered on balance, the Y brings families closer together, encourages good health and fosters connections through fitness, sports, fun, and shared interests. We promote healthy living through a strong focus on physical activity, family time, health and wellness programs, recreation and nutrition. The Y is reinventing our approach to wellness to put a greater emphasis on prevention and a proactive approach to HEALTHY LIVING.

**At the Y, we believe that being healthy means more than simply being physically active. It's about maintaining a balanced spirit, mind, and body. Together, we work to curb obesity, reduce the risk of chronic diseases in our community, and keep individuals and families thriving. The motivation, support and programs provided by the Y empower people to live healthier lifestyles.**

**FOSTERING HEALTHY BEHAVIORS: Health & Well-being Programs**

**YMCA Diabetes Prevention Program**

Launched in 2013, our YMCA Diabetes Prevention Program helped 62 adults live healthier, through self-directed weight loss and increased physical activity. Diabetes is one of our nation's costliest diseases, and this program helps adults at high risk of developing type 2 diabetes reduce their risk by 58% through eating healthier and increasing physical activity.

**Healthy U**

Healthy habits included in the daily routines of our youngest children, like those developed through the Healthy U program, instill the lifestyle change value of good nutrition and active lifestyles within the entire family. Y staff educate kids in over 43 urban schools and community centers, providing access to physical activity and healthy eating where opportunities are limited.

**EMPOWERING HEALTHY LIVING: Sports & Group Fitness**

We know that different people need different activities, resources and support to get and stay healthy. The Y offers individuals the encouragement they need to make fitness part of their everyday lives. Through sports leagues, running clubs, group and water fitness classes, and so much more, the Y keeps our 46,874 members motivated and growing strong.

**CULTIVATING LIFELONG HABITS: Family Time**

**Latinos for a Healthy Life**

The Latinos for a Healthy Life program helps parents and children understand the importance of making healthy choices that result in life-long behavior changes. On-going 16 week sessions provided culturally appropriate nutrition education, physical activity, and family relationship building to 269 individuals in 2013.

Michigan is the **10th** most obese state in the nation

**33%** obesity rate among Michigan's Latino community

Only **1** in **3** adults receives enough physical activity in a week

# GIVING BACK

## AND PROVIDING SUPPORT TO OUR NEIGHBORS

The Y has been listening and responding to our community's most critical social needs for 147 years. By reaching out in new and innovative ways and taking our expertise to neighborhoods throughout West Michigan we demonstrate our commitment to service and helping others. Working together, the Y is moving whole communities forward through shared SOCIAL RESPONSIBILITY.

**Our community is strong because it is supported by the Y and its members, donors, and community partners. The Y partners with schools, health care organizations, community centers, churches and others who are committed to ensuring that healthy choices are accessible and affordable to everyone in our community.**

**FOSTERING HEALTHY BEHAVIORS: Healthy Living Hubs**

The Y's Healthy Living Hubs, exist to impact urban, vulnerable families in four high-need neighborhoods in Grand Rapids. These Hubs serve as central locations where families are provided access to fresh food and the ability to participate in family-centered physical activities. Families can participate in community gardening, healthy cooking classes, fitness classes as well as purchase fresh fruits and vegetables from the YMCA Veggie Van. The Hubs are committed to addressing the health disparities that disproportionately affect underserved families living in urban Grand Rapids.

**ENSURING THE Y IS AVAILABLE TO ALL: Annual Giving Campaign**

Our community is founded around the idea of supporting one another. Through gifts to the Y, we can live out our mission to never turn anyone away due to the inability to pay – it's what makes us unique. We provide swim lessons, but we also provide scholarships and financial assistance to those who need it most. In 2013, 2,934 donors generously gave over \$1.6 million and 1,849 people volunteered over 42,914 hours to ensure that the Y's programs and services are available TO ALL.

**CULTIVATING LIFELONG HABITS: Food Service Program**

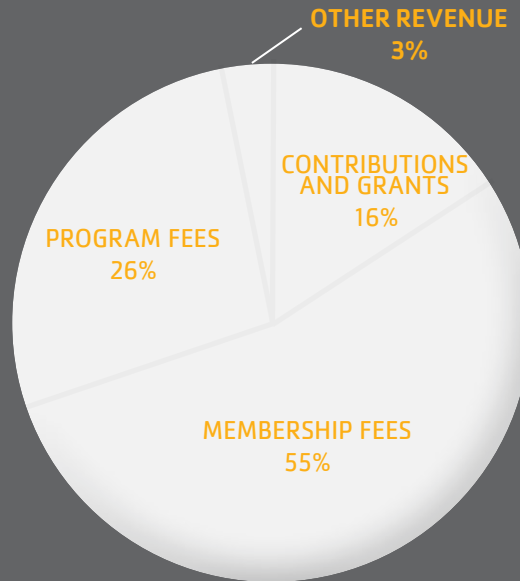

The Y's Food Service program, located in the David D. Hunting YMCA branch, began in the summer of 2012 with the goal to become self-sufficient and feed more children in our community. Grant funds were used to purchase proper kitchen equipment and prepare healthy, nutritious food on-site for Y child care programs as well as other community sites. This innovative program has grown from serving 90 meals a day to over 800, ensuring that more children are receiving healthy meals than ever before.

**31%** of Grand Rapids residents have inadequate access to the food they need for a healthy diet

More than **90%** of students in urban Grand Rapids qualify for free/reduced priced meals

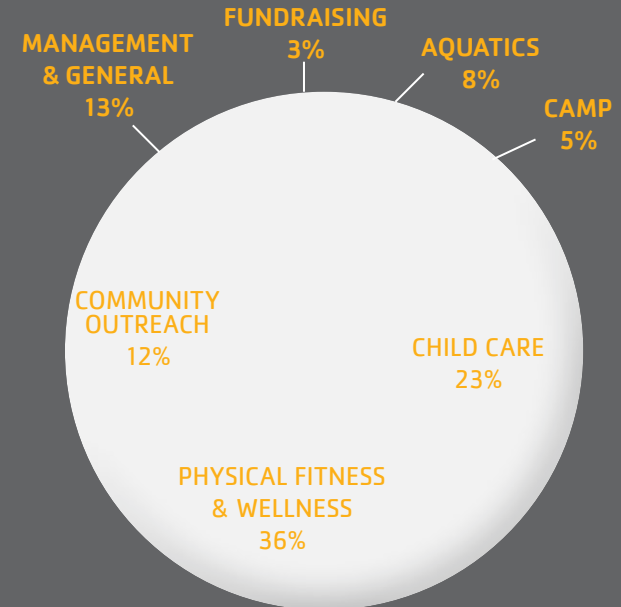

**Income and Poverty** are strong predictors of health

The YMCA of Greater Grand Rapids is committed to building a strong financial foundation and ensuring that we are faithful stewards of funds entrusted to us. The following are the 2013 financial highlights:

### INCOME

Membership fees	\$ 14,777,640
Program fees	7,146,928
Contributions and Grants	4,353,100
